It can cost between \$100 and \$1000 to rehab an individual patient. Please consider making a donation to Calgary Wildlife Rehabilitation Society to help with this animal's care by scanning the QR code or visiting the website at [www.calgarywildlife.org](http://www.calgarywildlife.org)

Calgary Wildlife Rehabilitation Society is a licensed not-for-profit wildlife rehabilitation facility and an Alberta Veterinary Medical Association (ABVMA) accredited veterinarian hospital. All wild animals are under the purview of both the Government of Canada and Province of Alberta and as such cannot be possessed or "owned" by any private citizen or organization within Canada. Your personal information will not be distributed or published by Calgary Wildlife Rehabilitation Society and will only be used in Calgary wildlife record keeping as per the Personal Information Act of Alberta, section 22.
